

## **CUPANI METALS CORP. ANNOUNCES NON-BROKERED PRIVATE PLACEMENT TO FUND COPPER EXPLORATION AND DRILLING**

Toronto, Ontario – May 16, 2025 – CUPANI Metals Corporation (“**CUPANI**” or the “**Company**”) (CSE: CUPA) is pleased to announce its intention to raise up to \$4,000,000 via the issuance of shares by way of non-brokered private placement.

Cupani Metals Corp. CEO Brian Bosse commented on today’s news, “We are confident in this project; insiders own more than half the company and we cannot wait to get drilling. The funds raised from the Offering will be used for and to carry the Company past summer fieldwork into the fall/winter drilling results.”

Cupani intends to complete a financing by way of non-brokered private placement for aggregate gross proceeds of up to \$4,000,000 comprised of the issuance of: (i) flow-through units (the “**FT Units**”) of the Company at \$0.175 per FT Unit (ii) charity flow-through units (the “**Charity FT Units**”) of the Company at \$0.245 per Charity FT Unit, and (iii) hard dollar units of the Company (the “**HD Units**”) and together with the FT Units and Charity FT Units, the “**Offered Units**”) at C\$0.16 per HD Unit (collectively, the “**Offering**”). All dollar figures provided herein are denominated in Canadian dollars unless otherwise stated.

**The hard dollar unit subscription agreement for investors of all jurisdictions can be completed online [HERE](#). The subscription agreement for flow-through units can be completed online [HERE](#).**

Each Charity FT Unit and FT Unit will consist of one common share and one half of one common share purchase warrant (each whole warrant, a “**Warrant**”) of the Company, each of which will qualify as a “flow-through share” for the purposes of the Income Tax Act (*Canada*) (the “**Tax Act**”). Each warrant is exercisable to acquire one non-flow through common share of the Company at \$0.30 per common share at any time prior to the day that is 24 months from the Closing Date. Each HD Unit will consist of one common share of the Company and one half of one Warrant exercisable on the same terms as the warrants comprising the Charity FT Units and FT Units.

The closing of the Offering is expected to occur on or about June 12, 2025 (the “**Closing Date**”) and is subject to customary closing conditions and regulatory approvals, including the approval of the Canadian Securities Exchange (the “**CSE**”).

The gross proceeds raised from the issuance of the FT Units and Charity FT Units will be used by the Company on the Company's 100% owned Blue Lake/Retty Lake exploration project and the gross proceeds raised from the issuance of the HD Units will be used for general working capital purposes.

The Company may pay finder's fees in connection with the Offering to eligible arm's length finders in accordance with CSE policies and applicable securities laws.

The Offered Units will be offered by way of private placement pursuant to applicable exemptions from the prospectus requirements under applicable securities laws. All Offered Units issued in connection with the Offering are subject to a hold period of four months and one day following the Closing Date under applicable Canadian securities laws.

More specifically, a portion of the Offering is also being made available to registered shareholders of the Company who, as of the close of business on 15 May, 2025, hold common shares of the Company, pursuant to the prospectus exemption set out in B.C. Instrument 45-534 *Exemption from Prospectus Requirement for Certain Trades to Existing Security Holders*, and in similar instruments in other jurisdictions in Canada (collectively, the **"Existing Shareholder Exemption"**). Invocation of the Existing Shareholder Exemption limits a shareholder to a maximum investment of \$15,000 in a twelve (12) month period unless such shareholder has obtained advice regarding the suitability of the investment and, if such shareholder is resident in a jurisdiction of Canada, such advice has been obtained from a person who is registered as an investment dealer in the jurisdiction. In the event that aggregate subscriptions for the Offered Units under the Offering exceed the maximum number of securities to be distributed, then the Offered Units sold pursuant to the Existing Security Holder Exemption will be allocated to qualifying existing shareholders on a pro rata basis based on the number of Offered Units subscribed for.
